

Spec booklet

Security, convenience and style for the things you want to keep safe: Jewelry, watches, iPads, passports and documents, pharmaceuticals, and more.

All Mycube safes come with an internal light that illuminates upon opening, soft bottom pad, and MyKit hardware pack.

For three generations, we've been helping people take charge of the way they organize their lives. Mycube brings together today's smart home safe design, and an empowered approach to personal organization in every product we create. This is the future of safekeeping and we're thrilled to lead the way.

Lois and Scott, family founders
